**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am stuck with Comcast as my ISP. They keep raising prices, and if I ever need anything, Ill have to wade through a giant phone tree to speak to someone with a made up American name who is actually in Pakistan, India, or Bangladesh. I would really like to be able to choose a local provider, but the big guys (with their government subsidized networks) are all I can get that have even close to adequate speed.

Please, please, please do something to help get some competition in this industry!
